ABOUT

The 5th International Conference of Science and Engineering 2021 will be held virtually from Yogyakarta, Indonesia on October, 27th, 2021 using Zoom Platform.

Covid19 pandemic obviously has given massive impact on human life, including science and engineering. As a result, there are a lot of innovations required to face substantial changes for every aspect. Scientist, engineers, practitioners and academic community as a whole are expected to overcome those challenges.

Thus, to tackle the challenges, "Beyond the New Normal: Challenges in Science and Engineering" will be the theme for the 5th International Conference of Science and Engineering 2021.
